

## SCHEDULE 3 – PRICING

### 1A – MOBILE DATA SERVICE

#### A. Managed MDS (MDS-M)

#### MONTHLY RECURRING CHARGES

Bandwidth (Mbit/s)	MDS-M Connection Monthly Recurring Charge (BD)	Monthly Recurring Charge (BD) Volume Discount (in total equal or above 400) **	Monthly Recurring Charge (BD) Volume Discount (in total equal or above 600) ***
500	252.00	201.6	176.4
1,000	290.00	232	203
1,500	441.00	352.8	308.7
2,000	516.60	413.28	361.62
2,500	585.00	468	409.5
5,000	750.00	600	525
10,000	850.00	680	595

\* *Temporary MDS-M Service shall be charged at 50% mark-up on the requested bandwidth.*

\*\* *To qualify for this volume discount, the following conditions must be met:*

1. *The relevant Access Seeker has existing and active MDS-M Service Connection and/ or Service Orders placed for MDS-M Connection, which in total equal to or exceed 400 (as further described below) and this volume discount threshold of 400 in total must be maintained at all times; and*
2. *With the exception of MDS-M Service Orders placed after the date of approval of the current Reference Offer, only existing and active MDS-M Service Connections that are under a Minimum Service Period of 24 months qualify for the purpose of application of this volume discount. For avoidance of doubts, any existing and active MDS-M Service Connection that are not under a Minimum Service Period of 24 months, would not be taken into account.*

*Notwithstanding the provisions governing Minimum Service Period or Renewed Minimum Service Period, respectively, as set out in Schedule 6.3 (MDS-M), the Access Seeker may, within two weeks following the date of approval of the current Reference Offer (i) place Service Orders for new MDS-M Connection(s) and (ii) renew the Minimum Service Period for any existing and active MDS-M Service Connections in order for these Connections to be under a new Minimum Service Period of 24 months, in which case (i) all Service Orders for new MDS-M Connection(s) and (ii) all the existing and active MDS-M Service Connections for which the Access Seeker renewed their Minimum Service Period within these two weeks, would qualify for this volume discount, and the relevant Access Seeker will benefit from this volume discount from the date of the approval of the current Reference Offer.*

*Such new (or renewed) Minimum Service Period will be considered as a 'Minimum Service Period' pursuant to Schedule 6.3 (MDS-M).*

\*\*\* In addition to the existing provisions for the volume discount applicable to 400 and above MDS-M Connections, a higher volume discount shall apply to Access Seekers meeting the following conditions:

1. The relevant Access Seeker must have a total equal to or exceeding 600 Ready for Service (RFS) MDS-M Connections, and this volume threshold of 600 RFS circuits must be maintained at all times in order to continue benefiting from this discount.
2. Only existing and active MDS-M Connections that are under a Minimum Service Period of thirty-six (36) months shall be counted toward the 600-circuit threshold for this volume discount.
3. This additional volume discount shall apply only to qualifying MDS-M Connections that meet both conditions above and shall take effect from the date of approval and issuance of this updated Reference Offer.
4. Should the number of RFS MDS-M Connections fall below 600, or if the Minimum Service Period condition is no longer satisfied, the Access Seeker shall no longer qualify for this volume discount.
5. For the avoidance of doubt, the new 30% discount will apply exclusively to the charges for MDS-M circuits, provided:
  - i. that the relevant Access Seeker maintains a minimum of 400 MDS-M circuits (i.e., corresponding to the original volume discount introduced in 2023); and that
  - ii. the new tier of 600 (and above) can be reached by a mix of MDS-M and MDS-U services of the relevant Access Seeker's choice.

#### AGGREGATION LINKS FOR MDS-M SERVICES

### MONTHLY RECURRING CHARGES

MDS-U	Charge (BD)	Charge Basis
Use of a single fibre pair	0.249	Per metre/fibre pair/month (total distance per each MDS-U Connection corresponding to the actual fibre pair distance)

*Minimum Service Period of 24 months*

### NON-RECURRING CHARGES

Field study, if required	0.430 per meter of the fibre pair route	Distance of the fibre pair route
Relocation (Internal & External)	Cost of work and material	Time and Material basis as set out in Annex 1
Procurement and connection of Mobile Network Equipment by the Access Provider (at Access Seeker's choice)	Cost of work and material	Time and Material basis as set out in Annex 1

\* Whilst the Access Provider will endeavour to provide the Unmanaged MDS across the territory of the Kingdom, there may be instances where the cost of a particular Connection will be excessive (i.e., the overall costs will exceed the corresponding MRC for 48 months). In such case, instead of covering the Excess Construction Charges, the Access Seeker may offer and agree with the Access Provider to extend the Minimum Service Period accordingly. For early termination of a Connection covered by such extended Minimum Service Period, the relevant provision of the MDS-U Operational Manual for calculating liquidated damages shall apply mutatis mutandis.
